

LOCAL SAFETY GUIDELINES **FOR ALL WINDSPORTS ON** **CHRISTCHURCH BEACHES**

Our beaches are for everyone to enjoy, so please...

Show courtesy to other beach users at all times.

Set up/break down equipment in a safe manner, well away from other beach users, Surf Clubs and patrolled areas.

Keep a safe distance from other beach users, as powered up sails/kites can pack a punch, and kite lines are sharp.

Don't pass between the flags on a patrolled area.

No wind powered vehicle should be used within 50 metres of a patrolled area.

Wind powered vehicles are encouraged to use the areas south of the South Brighton Surf Club, and north of Waimairi Beach Surf Club, during the patrol season.
